

Smoking Cessation Resource Guide

In keeping with our belief that “One Size Doesn’t Fit All” this guide is a list of comprehensive approaches that can be utilized in your decision to quit smoking. It consists of educational materials that help to inform individuals who are interested in smoking cessation initiatives as well as current smokers trying to quit. In addition, there are various technological applications listed that can be used as an effective tool to reduce smoking habits, along with cessation programs which are offered in the greater Philadelphia region.
