2607 Rhawn St.
1820 Bethlehem Pike
NEW 2451 Grant Avenue

Using an Urgent Care

Using a ReadyCare or Urgent Care is beneficial when you have a non life-threatening emergency and cannot get an appointment with your family doctor.

Use a ReadyCare/Urgent Care for: Fever, Cold, Vomiting, Earaches, Pain, Rash, Sprains, Headaches, etc.

You should not use a ReadyCare/Urgent Care for: Life threatening injuries, any type of physical, suture removals, sick notes or as a replacement for a primary care doctor.

You are able to utilize other "urgent care" centers that are in the Blue Cross/Personal Choice network. However, you will be subject to \$17.00 co-pay

ReadyCare/Urgent Cares are NOT a replacement for a Primary Care doctor. If you need a Primary Care doctor you can call LEHB at 215-763-8290 for assistance, go to ibx.com or see Anna Morales-Caraballo at the Temple Medical Office at the LEHB Health and Wellness Center. If you would like to make an appointment with Anna please call 215-707-2400, option #2.

**Standard co-pays apply for Primary Care visits and sick visits at other Temple and Jefferson providers, including the LEHB Health and Wellness Center*
