

Temple ReadyCare and Jefferson Urgent Care

Using a ReadyCare/Urgent Care is beneficial when you have a non life threatening emergency and cannot get an appointment with your family doctor.

Use a ReadyCare/Urgent Care for: Fever, Cold, Vomiting, Earaches, Pain, Rash, Sprains, Headaches, etc.

Do NOT Use ReadyCare/Urgent Care for: Life threatening injuries, any type of physical, suture removals, vaccinations, sick notes, or as a replacement for your primary care doctor.
